The screenshot shows the 'Customer Transaction Inquiry' window in the Titan II software. It includes fields for 'Customer ID' (Lake) and 'Company' (Lake Group Construction). Below these are tabs for 'Invoices', 'Payments', 'Product Sales History', and 'Customer Notes'. A summary table shows 'Balance Due' (\$7,376.00), 'Current' (\$1,709.92), and '30' (\$5,666.08) balances. A detailed table lists individual invoices with columns for Invoice, Terms, Invoice Date, Subtotal, Tax, Total, Balance, SO, and Job.

### Comprehensive and Powerful Tool to Manage Customer Account Information

Titan's Accounts Receivable module provides a variety of tools for tracking and managing customer account information

Intuitive features coupled with informative reporting are the hallmark of this Accounts Receivable module.

By simply generating invoices directly from delivery tickets, the accounts receivable process starts off swiftly and accurately. It is followed by the ability to print customer statements in multiple formats, while easily recording and tracking customer collection notes.

Finishing strong, the accounts receivable process ends with user-friendly cash entry and customer inquiry screens.

Comprehensive and powerful, the Accounts Receivable module is a critical process within the Titan Precast Management System.
