

Titan 3000 Precast & Prestress Management System

Accounts Payable

Plant	Account	Department	Product	Description	UOM	Qty Rec	A/P Qty	Unit Price	Amount
100	2011	641	CCEM	Cement	TON	10	10	\$118.80000	\$1,188.00

A Powerful Way to Track Your Expenses And Add Insight to Your Decision-Making

The Accounts Payable module provides all the tools you will need to manage your expenditures. With tight purchase order integration, validating vendor invoices is no longer a cumbersome chore, while selecting invoices for payment is quick and easy.

Powerful, yet easy to use, Accounts Payable offers the ability to process checks individually or in a batch and can produce a wide range of reports to highlight key financial information.

The AvidXChange allows you to sync Vendor Information from Vendor Maintenance and import vendor invoice/export payments.

While the Accounts Payable module can be used as a stand-alone management tool, when coupled with the rest of the Titan Precast Management System it is sure to add to your business insight and improve your decision-making.
