

# Titan 3000 Precast & Prestress Management System

## Payroll

### A Full-Featured and Flexible Payroll Module, Tightly Integrated with Your General Ledger

The Payroll Processing Module is an excellent addition to Titan's family of products specifically designed for the precast industry. Secure and tightly integrated with the General Ledger, the Payroll Module completes Titan's financial set of modules.

Payroll checks can be swiftly processed using batch processing or single check processing. All common reporting is available including earnings analysis reports and deduction/expense analysis reports.

With customizable earnings, deduction and expense codes, the payroll module is full featured and flexible.

Multi-plant, multi-department features coupled with intuitive inquiry screens makes Titan's Payroll Module comprehensive and equipped for precast concrete operations of all sizes – from small single-plant operations to the largest multi-plant facilities.
